

# Holy Roller Monster Truck

**“Helping America’s churches reach America”**

---

We are excited at the opportunity to come to your church and help you reach your area for Christ in a unique way! This letter contains a few helpful hints we have come to develop over the past couple of years. Some of these hints may seem unnecessary but our goal is to make the day go as smoothly as possible! Please contact me with any other questions or comments you may have.

## **CARS TO BE CRUSHED**

Mid-size cars are preferred, NO pick-ups, NO vans please

At least 2 cars, the strongly preferred amount is 4

The cars need to be placed trunk to trunk touching side by side.

Mid-size cars next to mid-size cars; smaller next to smaller (SEE DIAGRAM BELOW)

Recycling centers, junk yards, and towing companies are great places to look for cars. Some may donate the cars, it never hurts to ask.

Before they deliver the cars, you may want to request that all the glass be broken out of the cars. (This keeps the mess down on church property.)

If you prefer, plastic sheeting is good to place under the cars. This allows for easy clean up after the cars are removed.

The cars need to be complete as far as body is concerned. If the motor is removed we can still crush it!

We will have to have the cars chained together and also let the air out of the tires.

We are able to do this if time allows.

**Spectators need to be at least 40 feet from the cars being crushed. Caution tape, flags, or roped off sections work great. The farther back the spectators are, the better the show!!!**

Diagram of setup of cars:

**Rear bumper to rear bumper**

## PROMOTION

We will work with you as much as needed to get pictures for flyers or brochures.

The easiest place to get pictures is our website

[www.holyrollermonstertruck.com](http://www.holyrollermonstertruck.com) it is updated often.

If at all possible, and if scheduling allows, we may be able to come early for promotion, canvassing, and soul-winning.

The truck will create its own excitement; we have to do our own work to excite those around us to come. **PROMOTE! PROMOTE! PROMOTE!**

Remember our goal is to see as many as possible come to church and hear the gospel!

We do have some small souvenirs that can be purchased. (t-shirts, etc.)

Every person that wishes may receive a free autographed card with truck picture that also contains the simple plan of salvation. These cards can be handed out on the bus, before the crush, or after the crush.

## OTHER MINISTRY ABILITIES

I am able and willing to preach to adults, teens, or children.

I am willing to take a few minutes and share a quick testimony or take time for the complete service.

My wife and sons are capable and willing to be used in any form or fashion.

We want to be a help to you as a church, please plug us in where you need us!

If your desire is for us is just to crush cars we can do that as well!

## COST FOR THE TRUCK

Our hauler averages 6 mpg. So we ask the church to cover the fuel cost to get the truck to the church.

My family travels with me and the Lord has provided us a toterhome to stay in while traveling so all we would need is a place to hook up water, sewer, and electric.

I hope this was concise and helpful. Please feel free to contact me with any more questions or comments. We are praying and looking forward to see what God is going to do at your church on this great occasion. Thank you again!

**KRUSHIN' FOR CHRIST**
